

Give to the Max Day is Wednesday, November 16!

Friend of Main Street Project,

Give to the Max Day on Wednesday, Nov. 16 is a day of possibilities.

- Your donation makes it possible to reach more youth of color with a message that their voice matters - no matter what corporate-owned media says.
- Your donation makes it possible for more aspiring Latino farmers to get the support and resources they need to make a better life for their families.
- Your donation makes it possible for members of the diverse Twin Cities Phillips and Frogtown neighborhoods to rebuild their communities by building community radio stations.

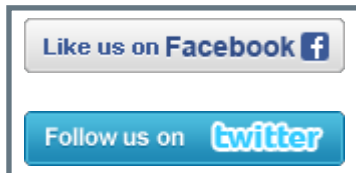

See what we can accomplish by working together. **Watch our video.**

The work is challenging, but showing your support is easy!

Click here and donate on Nov. 16. Gifts of any amount will make a difference. Make your gift today if you can't wait!

Every hour for 24 hours on Nov. 16, GiveMN organizers will donate \$1,000 to a random donor's charity. You could be that donor! (If you're a night owl and donate in early morning or late night off-peak hours, your odds improve.)

During last year's Give to the Max Day, 42,624 people raised 10 million dollars for Minnesota nonprofit organizations. This year, you can be part of this wave of change by supporting Main Street Project and the communities we serve. Help us spread the word by forwarding this email and putting Facebook and Twitter to work.

Thank you for helping to turn possibilities into realities.
